EDUCATION

B.Sc in Mathematics

NATIONAL UNIVERSITY (2024)
Govt. Edward College, Pabna

Alim (Higher Secondary Certificate)

ATAIKULA SARADANGI FAZIL MADRASAH (2017)

WORK EXPERIENCES

WordPress Developer

Freelance

03/2021 – Running

- Built custom WordPress themes and plugins for client-specific needs, ensuring compatibility and responsiveness.
- Created custom post types, taxonomies, and meta fields for complex content.
- Integrated APIs and payment gateways (Stripe, PayPal) for e-commerce.
- Improved performance with caching and lazy loading for better SEO and user experience.

Front-end Developer

Xirosoft

Remote | 10/2020 – Running

- Developed and customized front-end interfaces for WordPress, Shopify, and Laravel projects using Next.js and direct HTML.
- Ensured responsive, user-friendly designs across various platforms and devices.
- Worked on e-commerce projects, implementing features for seamless user experience and conversion optimization.

Front-end Developer

Cloud Technology BD

10/2020 – 03/2021

- Built and maintained responsive, interactive user interfaces using HTML, CSS, JavaScript, and React.
- Collaborated with designers and back-end developers to enhance website functionality.
- Served as a mentor, training over 50 students in front-end development best practices and technologies.

PROJECTS

Pabna Pourashava

Developed a government information website for Pabna Pourashava.

- Built notice blogs and implemented a widget-based layout using custom Gutenberg blocks in WordPress.
- Emphasized user experience by designing an intuitive interface with seamless navigation.

Golf Booking Plugin

Developed a custom WordPress plugin for golf bookings on golflinkclub.com

- Solved critical booking and management issues by creating a user-friendly interface for scheduling golf sessions.
- Integrated custom functionality to streamline the booking process and improve user experience.

Nicelcons – Icon Package

Developed a responsive icon package website for Xirosoft using React and Next.js

- I built a responsive icon package website for Xirosoft using React and Next.js.
- It's a static site, which offers its loads quickly and runs smoothly.
- I focused on making it easy to use, with a design that feels intuitive for everyone.

SKILLS
